Question from John Milner (on behalf of Gravesham and Dartford Extinction Rebellion)

According to a survey carried out by Kent Wildlife Trust and Bug life, there has been a 70% decline in flying insects over the past 17 years in Kent – what actions are the Council taking to address this decline?

Specifically, is the Council participating in the 'No Mow May' campaign, and what is the Council policy on the use of herbicides and pesticides in the borough?

Thank you

Gravesham and Dartford Extinction Rebellion
