Agenda

Part A

Items likely to be considered in Public

1. Apologies for absence
2. To sign the minutes of the previous meeting (Pages 3 - 14)
3. To declare any interests members may have in the items contained on this agenda. When declaring an interest a member must state what their interest is
4. To answer any questions received from members of the public of which notice has been given under Council Procedure Rule 13

Question received from Michael Hughes:-

Given that every computer model published by the IPCC has been wildly at odds with the evidence,

- that the amount of CO2 in the atmosphere is controlled primarily by atmospheric interaction with oceans, vegetation and other sinks,

- that man-made emissions of CO2 make very little difference (if any) to the total amount of CO2 in the atmosphere,
- that the eye-wateringly expensive attempts to mitigate or control CO2 are futile and an unsustainable drain on the country's let alone the borough's finances,
- that it is clear that the public is being hoodwinked. The numbers do not add up.

Given the above will the council exercise its right, known as the Doctrine of the Lesser Magistrates, and refuse all central government policies that impoverish people, adversely impact people's lives or restrict people's freedoms in any way?
