1. Introduction

- 1.1 In October 2015 the council formally adopted its Corporate Plan for 2015-19. The plan sets out the council's vision for the borough, complete with a suite of corporate objectives and policy commitments that will shape the council's activities over the four year period.
- 1.2 In order to evaluate if the council is effectively achieving against its stated policy commitments, and is ultimately delivering consistently high quality services, the council needs to have a sound performance management process in place. Developed by senior council officers and Cabinet portfolio holders, the council's Corporate Plan presents a Performance Management Framework (PMF) that forms the basis of reporting corporate performance to council Members and residents.

2. Performance Management Process

- 2.1 The effective management of the council relies upon good quality and timely performance information on which to base informed decisions. The council's PMF presents a range of performance information which includes;

- Performance Measures (PM): These are target-based measures identified and established specifically for being essential to the delivery of the Corporate Plan's key objectives e.g. waste recycling rates.
 - Performance Indicators (PI): These represent important contextual performance information related to the Corporate Plan's key objectives. PI's are not target based as the council, whilst having influence over their delivery, does not directly control their outcomes e.g. crime statistics.
- 2.2 Appendix Two to this report provides Members with an overview of the council's performance against the Performance and Administration portfolio for Quarter Three 2017-18 (October to December 2017).
- 2.3 Information on performance over the period is presented in tabular form for all indicators and graphically for PMs. Where any PMs have not met their set target for the quarter, exception notes have been provided for review. In addition, for PIs the tables provide 'direction of travel' arrows to give Members an indication of progress made against the previous reporting period and the respective arrows are explained in the key below;

Performance Indicators: 'Direction of Travel' explanatory note

Performance has improved on the previous reported period

Performance has stayed the same on the previous reported period

Performance has fallen on the previous reported period

- 2.4 For future reference, equivalent performance reports will be presented to Members of the Committee on a quarterly basis.
- 2.5 This report is for information purposes only.
