

Gravesham Borough Council Pay Policy Statement 2019-20

Section One: Introduction

1.1 Source and scope of policy statement

1.1 This policy statement has been produced in accordance with Sections 38 to 43 of the Localism Act 2011 (the Act), which from 2012 onwards, requires local authorities to publish an annual statement of their policy for the relevant financial year in relation to:

- the remuneration of their most senior employees which the Act defines as the Head of Paid Service (Chief Executive), the Monitoring Officer, the Chief Officers (Directors) and Deputy Chief Officers (Assistant Directors);
- the remuneration of its lowest paid employees; and
- the relationship between the remuneration of the most senior employees and that of other employees.

1.3 It also takes account of guidance from the Secretary of State, Department for Communities and Local Government and Joint National Council (JNC) on the Act's provisions relating to openness and accountability in local pay, data transparency and pay policy statements from 2011 onwards.

1.4 it also takes account of employment and equalities legislation affecting local authority employers, where relevant.

1.7 The pay policy statement may also be amended during the course of any financial year, but only by resolution of the full council. If it is amended during the year to which it relates, the revised version of the statement will be published as soon as reasonably possible after the amendment is approved the by council.

1.8 Transparency and autonomy

1.9 The council recognises and welcomes the aim behind this pay policy statement to ensure that the authority's approach to pay is accessible for citizens and to enable local taxpayers to take an informed view of whether local decisions on all aspects of remuneration are fair and make the best use of public funds.

1.10 It also welcomes the government's recognition that each local authority remains an individual employer in its own right, and, as such, has the autonomy to make decisions on pay that are appropriate to local circumstances and deliver value for money for local taxpayers.

Section two: Remuneration of the Chief Officers

2.1 Remuneration covered in this section of the policy

2.2 This section covers the council's policies in relation to the remuneration of its senior employees as detailed in section 2.1.

- Chief Executive, as Head of Paid Services
- Director of Communities, Director of Corporate Services, Director of Housing & Regeneration and Director of Environment & Operations
- Assistant Director, Finance (Section 151 Officer)
- Assistant Directors & Service Managers who report to Directors

2.3 Overall policy on remuneration for senior roles

2.4 The council's overall approach to remuneration for its senior employees is based on:

- compliance with relevant employment legislation including equal pay and discrimination, and
- ensuring that its remuneration package for senior roles mirrors the overall pay policy for the council resulting in a fair and equitable system.

2.5 The council maintains its overall approach to remuneration by remaining within the National Joint Council for Local Government Services (NJC) pay scheme and applying nationally negotiated pay awards to its pay framework.

2.6 In terms of pay differentials the council recognises that the role of Chief Executive leads the organisation's workforce and has the greatest level of accountability, and so warrants the highest pay level in the organisation.

2.7 The remuneration offered to senior employees

2.8 The council has a local pay framework based on national pay rates with nationally negotiated pay awards which are applied to all salary grades.

2.9 At senior officer level the council offers an annual salary, access to the Local Government Pension Scheme (LGPS) and a range of other benefits as detailed below.

2.10 Annual salaries:

2.11 In 2008 the pay structure for the Service Manager, Assistant Director, Director and Chief Executive roles moved away from the national pay rates for Chief Officers. The pay scales were developed using the median of the south east employers' salary rates for Directors and Senior Manager.

2.12 Service Managers and above also receive an additional market forces allowance. Originally linked to the requirement for officers to use their own car to carry out their role this allowance was retained in 2006 to ensure that salaries in grades SO1 and above remained competitive within the local market.

2.13 Remuneration of senior employees on recruitment

2.14 The council's policy is that any newly appointed employee, including senior employees, will commence employment at the lowest pay point possible in the pay scale for their role taking

account of their current remuneration, business need, difficulty in recruiting to the post and/or the experience offered by the potential employee.

2.15 The decision on which pay point to appoint a Service Manager, Assistant Director or Director will be the responsibility of the Chief Executive.

2.16 The appointing salary of the Chief Executive will be agreed by the appointments panel or the Chair of the appointments panel if negotiations are required.

2.17 Pay progression

2.18 Employees may progress to the salary range maximum of their grade subject to satisfactory performance within the performance management framework which includes the annual performance appraisal process. This is equally applicable to the chief executive and to the lowest paid employees.

2.19 Pay Awards

2.20 When agreed NJC pay awards are applied across all pay scales, including those of senior officers. They are also applied to the market forces allowance and lease car/cash alternative allowance.

2.21 Local Government Pension Scheme (LGPS)

2.22 The council offers senior employees' access to the LGPS in accordance with the statutory provisions of the scheme, on the same basis as all of its employees. Any pension payments made to its senior employees on termination of employment either on grounds of redundancy, in the interests of the efficiency of the service or on grounds of ill health will be made within the statutory terms of the LGPS.

2.23 The contribution rate for each participating employee who joins the scheme is contained within Section five 'Policies common to all employees'.

2.24 The discretions which the council is able to apply under the scheme upon termination of employment are the same for senior employees as for all other employees who are LGPS members and are contained at appendix one.

2.22 Payments on Termination of Employment

2.23 Other than payments made under the LGPS, the council's payments to senior officers whose employment is terminated on grounds of redundancy will be in accordance with the policy the council has adopted for all its employees in relation to the Local Government (Early Termination of Employment) (Discretionary Compensation)(England and Wales) Regulations 2006, as set out in Section five 'Policies in common to all employees'.

2.24 Other than payments pursuant to the LGPS (including the exercise of the council's discretions) or payment in accordance with the council's policies under the Local Government (Early Termination of Employment) (Discretionary Compensation)(England and Wales) Regulations 2006, the council's policy is not to make other termination payments to its senior officers, other than where it is considered that a payment may be necessary to eliminate risk of claims against the council.

- 4.2 Under the provisions of the Local Government Transparency Code 2011, (updated 2014 & 15) the council is required to publish its 'pay multiple', i.e. the ratio between the highest paid salary and average salary of the whole of the local authority's workforce. The current pay multiple, based on all taxable earnings as at 31 December 2018 including base salary, any variable pay, and allowances which may apply is 5.48 median.
- 4.3 The lowest pay point in the overall salary scales which has been used by the council in calculating the mean average salary is that which applies to its lowest paid employees, as defined in Paragraph 1.12 of this policy.
- 4.4 Taking into consideration that council salary increases are subject to national joint council negotiations the council considers that the current pay multiple, as identified above, represents an appropriate, fair and equitable internal pay relationship between the highest salary and that which applies to the rest of the workforce.
- 4.5 Arrangements for monitoring salary budgets are carried out through the council's normal budget management process by line managers, finance officers and Human Resources. Additionally management team and members consider workforce monitoring as part of the Medium Term Financial Plan.

- Participation in a special project which is beyond the normal scope of the job description

They may then elect to receive immediate payment of all or part of the benefits they had earned in the scheme prior to the date of change.

5.44 It is the Council's policy to consider flexible retirement requests only where there is no detrimental effect on the service and after full consideration of any financial implications.
