Key Decision: No

Gravesham Borough Council

Report to: Finance and Audit Committee
Date: 14 February 2022
Reporting officer: Director (Corporate Services)
Subject: Treasury Management Strategy and Capital Strategy 2022/23

PURPOSE AND SUMMARY OF REPORT:

To consider the Treasury Management Strategy and associated Annual Investment Strategy and the Minimum Revenue Provision Policy for 2022/23 along with the Capital Strategy for 2022/26.

RECOMMENDATIONS:

The Finance & Audit Committee recommends to the Full Council that:

- 1) The Treasury Management Strategy for 2022/23 as set out in Appendix 2 be agreed.
- 2) The Minimum Revenue Provision (MRP) calculation on all new capital expenditure as set out in Section 5 of the Treasury Management Strategy Statement be approved for 2022/23 and beyond in accordance with the Authority's Capital Programme.
- 3) The Annual Investment Strategy for 2022/23 as set out in Section 15 of the Treasury Management Strategy Statement be agreed
- 4) The Capital Strategy for 2022/26 as set out in Appendix 3 be agreed.
- 5) Delegated authority be given to the Director (Corporate Services), in consultation with the Chair of the Finance and Audit Committee, to amend the prudential and treasury indicators as necessary as a result of the budget approved by Full Council on 22 February 2022.
- 6) Delegated authority be given to the Director (Corporate Services), in consultation with the Chair of the Finance and Audit Committee, to amend the Treasury Management Strategy for 2022/23 and the Capital Strategy for 2022/26 following successful completion of the 2019/20 and 2020/21 final accounts process.

1. INTRODUCTION

- 1.1 The Council is required to operate a balanced budget, which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned, with cash being available when it is needed. Surplus monies are invested in counterparties or instruments commensurate with the Council's risk appetite, providing adequate liquidity initially before considering investment return.
- 1.2 The second main function of the treasury management service is the funding of the Council's capital plans. These capital plans provide a guide to the borrowing need to the Council, essentially the longer term cash flow planning to ensure that the Council can meet its capital spending obligations. This management of longer-term cash may involve arranging long or short-term loans, or using longer-term cash flow surpluses. On occasion, when it is prudent and economic, any debt previously drawn may be restructured to meet Council risk or cost objectives.
- 1.3 The contribution the treasury management function makes to the authority is critical, as the balance of debt and investment operations ensure liquidity or the ability to meet spending commitments as they fall due, either on day-to-day revenue or for larger capital projects. The treasury operations will see a balance of the interest costs of debt and the investments income arising from cash deposits affecting the available budget. Since cash balances generally result from reserves and balances, it is paramount to ensure adequate security of the sums invested, as a loss of principal will in effect result in a loss to the General Fund Balance.
- 1.4 Whilst any commercial initiatives or loans to third parties will impact on the treasury function, these activities are generally classed as non-treasury activities, (arising usually from capital expenditure), and are separate from the day to day treasury management activities.
- 1.5 CIPFA defines treasury management as: "The management of the authority's borrowing, investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks".

2. REPORTING REQUIREMENTS

Treasury Management Reporting

- 2.1 In December 2021, CIPFA updated the Treasury Management and Prudential Codes. Local authorities are not expected to reflect any changes required under the revised codes within their 2022/23 codes. Full implementation will be required for 2023/24.
- 2.2 Full Council is required to receive reports and approve, as a minimum, three main reports each year, which incorporate a variety of policies, estimates and actuals.
 - **Prudential and treasury indicators and treasury strategy** – The first, and most important report is forward looking.
 - **A mid-year treasury management report** – This is primarily a progress report and will update members on the capital position, amending prudential indicators as necessary, and whether any policies require revision.

- **An annual treasury report** – This is a backward looking review document and provides details of a selection of actual prudential and treasury indicators and actual treasury operations compared to the estimates within the strategy.

Capital Strategy

- 2.3 The CIPFA revised 2017 Prudential and Treasury Management Codes require all local authorities to prepare a capital strategy report setting out a high-level long term overview of how capital expenditure, capital financing and treasury management activity contribute to the provision of services.
- 2.4 This capital strategy is reported separately from the Treasury Management Strategy Statement; non-treasury investments will be reported through the former. This ensures the separation of the core treasury function under security, liquidity and yield principles, and the policy and commercialism investments usually driven by expenditure on an asset.
- 2.5 The above reports are required to be adequately scrutinised before being recommended to the Council. This role is undertaken by the Finance and Audit Committee.

Statement of Accounts 2019/20

- 2.6 The external audit process of reviewing and certifying the 2019/20 Statement of Accounts has yet to be concluded. The final accounts process has identified alternative treatment for the St George's transaction and required clarification on some asset valuations. Therefore, the figures included within the Treasury Management Strategy Statement and Capital Strategy are subject to change once the final treatment and asset valuations have been agreed between the Council and Grant Thornton. For this reason, delegated authority is sought for the Director (Corporate Services) to amend the Treasury Management Strategy for 2022/23 and the Capital Strategy for 2022/26 following successful completion of the 2019/20 and 2020/21 final accounts process, in consultation with the Chair of the Finance and Audit Committee.
