Key Decision: No

Gravesham Borough Council

Report to: Commercial Services Committee
Date: 1 March 2022
Reporting officer: Lisa Nyon - Assistant Director (Corporate Services)
Subject: Draft Social Value Policy

Purpose and summary of report:

To present Members of the Commercial Services Committee with a draft social value policy for the Council.

Recommendations:

1. The committee is invited to consider and comment on the draft Social Value Policy.

Key Implications:	
Item	Implications
Legal	Public Services (Social Value) Act 2012 legally obliges us to consider how procurement and delivery of contracts might secure additional social value for their area. This legal obligation, however, applies only to high-value contracts that are predominantly for services, not to supplies or works.
Finance and Value for Money	There are no significant costs associated with the monitoring of social value as this will be done via contract managers and presented through quarterly reporting.
Corporate Plan	The council's adopted Corporate Plan sets the strategic ambition and objectives for the authority over the 2019-23 period. Any spend arising from Social Value must be aligned to the council's corporate plan and objectives
Climate Change	Climate change as a strategic theme underpins the projects, initiatives and work involved in the delivery of the council's Corporate Plan. As a core policy commitment of the council, efforts in this area are represented within corporate objective #1: People. Social Value contribution could provide or deliver activity that contributes to the Council's Climate Change Strategy

1. Introduction

- 1.1 Social value can take many forms. It can see contractors' staff volunteering in our communities or making their buildings available to host community events; it can be committing to take on local young people as apprentices, create jobs, or pledging to use local suppliers. Or it could be taking positive action to help us meet our target of becoming a net zero Borough by 2030.
- 1.2 This policy will form a key part of the council's procurement framework and supports the current Procurement Strategy by documenting how the council will consider social value in its procurement activity. It also supports our Corporate Plan in delivering a Gravesham to be proud of under the heading of #progress.

2. Social Value Principles

- 2.1 It is proposed that the Social Value Policy will follow these key principles:-
 - To achieve more of our strategic aims at no extra cost
 - Complying with legislative requirements and council values
 - Being open and transparent in procurement by formally and consistently considering social value
 - Improving local social, economic and environmental wellbeing when procuring contracts
 - Championing social value at the council
 - Build a shared understanding of social value within the council and its partner organisations.
 - Any spend arising from social value must be aligned to the council's corporate plan and objectives.
- 2.2 This policy will be reviewed and updated on an annual basis with significant updates requiring further Member approval.

3. Appendices

- 3.1 The following documents are to be published with the report:
