Finance and Value for Money	The potential costs of not updating the accounting policies could include additional audit fees should further testing or extra audit time be required.
Corporate Plan	Strategic Objective #3 Progress; Sound Financial Management & Successfully Managing Key Business Risks.
Climate Change	No direct implications.

1. BACKGROUND

- 1.1 The Accounts & Audit (England) Regulations 2015 requires local authorities to prepare their annual financial statement of accounts in accordance with 'proper accounting practice'. For local authorities, proper accounting practice is defined as that contained within the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom (The Code).
- 1.2 Accounting policies are the principles, bases, conventions, rules and practices applied by an authority that specify how the effects of transactions and other events are to be reflected in its financial statements. This may be through

recognising, selecting measurement bases for, and presenting assets, liabilities, gains, losses and changes in reserves. Except where explicitly specified in The Code, or due to specific legislative requirements, it is for an authority to select the accounting policies that are most appropriate to its particular circumstances.

- 1.3 The Terms of Reference of the Finance & Audit Committee require it to review the annual accounting policies to be used in preparing the annual statement of accounts.

2. ACCOUNTING POLICIES FOR 2022-23

- 2.1 The Code for 2022-23 has been published and a review of the Council's accounting policies has been conducted to ensure that these are in line with the requirements of The Code.
- 2.2 As at the time of writing, there are no major changes to The Code that have been identified that will influence the council's accounting policies for 2022-23. The accounting policies will therefore broadly remain in line with those used to prepare the 2021-22 Statement of Accounts, although opportunity has been taken to review the wording of accounting policies and update where necessary to provide greater clarification.
- 2.3 It should also be noted that as of writing, the audit of the 2019/20 Statement of Accounts remains outstanding due to technical accounting challenges regarding the St George's Shopping Centre. This means that the Statements of Accounts for 2020/21 and 2022/22 are also outstanding as there are no agreed / audited opening balances upon which to commence those processes.
- 2.4 Additionally, as the audits of 2020/21 and 2021/22 are thus yet to commence, any auditor amendments to the accounting policies as a result of these processes are yet to be factored into the current version.
- 2.5 The Council's Finance team continues to work with external consultancy support to resolve these matters, with ongoing conversations with the external auditors taking place to secure an outcome.

3. APPENDICES

- 3.1 The following documents are to be published with the report:
