| Key Implications: | |
|------------------------------------|---|
| Item | Implications |
| Legal | The council's Corporate Plan is an integral part of the authority's policy framework as defined by the Constitution. The Plan ensures the council has in place an effective framework to deliver its responsibilities and ensure better results for vulnerable local residents, with the assistance of relevant partner agencies. |
| Finance and Value for Money | There are no significant costs associated with the monitoring of the Corporate Plan from which council activities should be based and which therefore should be accounted for as part of on-going financial planning processes. |
| Corporate Plan | The council's adopted Corporate Plan sets the strategic ambition and objectives for the authority over the 2023-27 period. This report provides Cabinet with a quarterly assessment of how the authority is delivering against its objectives through its Performance Management Framework. |
| Climate Change | As a strategic theme, climate change underpins the projects, initiatives and work involved in the delivery of the council's Corporate Plan. The PMF therefore accounts for a suite of direct and indirect performance metrics, including; <ul style="list-style-type: none">- PI 6: % of household waste recycled- PI 11: Total EV charging devices per 100,000 population- PI 37: % of council homes with energy efficiency EPC C+ rating- PI 49: Total co² emissions in the borough- PI 50: Total co² emissions from council assets |

1. Introduction

- 1.1 In October 2023, the council formally adopted its Corporate Plan for 2023-27. The plan establishes the authority's ambition for the borough, complete with a suite of corporate objectives and supporting policy commitments that will shape the council's activities over the four-year administrative period.
- 1.2 In order to evaluate if the council is effectively achieving against its stated policy commitments, and is ultimately delivering consistently high-quality services, a sound performance management process is required to be implemented. Developed by senior council officers and Cabinet portfolio holders, the council's Corporate Plan introduced a Performance Management Framework (PMF) that forms the basis of reporting corporate performance to Members and residents.

2. Performance management: process

- 2.1 The effective management of the council relies upon good quality and timely performance information on which to base informed executive decisions.
- 2.2 Appendix 1 to this report provides Cabinet with a statistical overview of the council's performance against the Corporate Plan for Quarter One 2024-25, covering the period April to June 2024.
- 2.3 Information on performance over the period is presented separately in tabular and graphical form for all indicators. Where any data is not presented, this will relate either to those indicators reported on an annual basis or, alternatively, where data has not been submitted in time for the development of the report. Any outturns where data has been unable to be reported will be presented within the next available reporting cycle to Cabinet and appropriate Cabinet Committee.
- 2.4 Following Cabinet's review, each Cabinet Committee is presented with an individual performance report tailored to the respective portfolio. Alongside statistical content, these provide more detailed qualitative updates outlining what activity the council has delivered, and what is to be taken, to successfully realise the Corporate Plan's objectives and policy commitments for the 2023-27 period.
- 2.5 This report is for information purposes only.
